Added Protection for You and Your Family

Chances are you know someone who's been affected, directly or indirectly, by cancer. You also know the toll it's taken on them—physically, emotionally, and financially. That's why we've developed the Aflac Personal Cancer Indemnity insurance policy. The plan pays a cash benefit upon initial diagnosis of a covered cancer, with a variety of other benefits payable throughout cancer treatment. You can use these cash benefits to help pay out-of-pocket medical expenses, the rent or mortgage, groceries, or utility bills—the choice is yours.

And while you can't always predict the future, here at Aflac we believe it's good to be prepared. The Aflac Personal Cancer Indemnity plan is here to help you and your family better cope financially—and emotionally—if a positive diagnosis of cancer ever occurs. That way you can worry less about what may be ahead.

The Personal Cancer Indemnity insurance policy has:

- No lifetime limit—policy won't terminate based on number or dollar amount of claims paid.
- No network restrictions—you choose your own medical treatment provider.
- No coordination of benefits—we pay regardless of any other insurance.

This benefit is limited to the same number of days that the covered person received Hospital Confinement Benefits. For each day this benefit is payable, Hospital Confinement Benefits are not payable. HOME HEALTH CARE BENEFIT: *Aflac will pay \$50 per day* when a charge is incurred for home health care or health supportive services when provided on a covered person's behalf within seven days of release from the hospital for the treatment of cancer. The attending physician must prescribe such services to be performed in the home of the covered person and certify that, if these services were not available, the covered person would have to be hospitalized to receive the necessary care, treatment, and services. These services must be performed by a person who is licensed, certified, or otherwise duly qualified to perform such services on the same basis as if the services had been performed in a health care facility. This benefit is not payable the same day the Hospice Benefit is payable. This benefit is limited to ten visits per hospitalization and 30 visits in any calendar year for each covered person.

For premiums to be waived, Aflac will require an employer's statement (if applicable) and a physician's statement of your inability to perform said duties or activities, and may each month thereafter require a physician's statement that total inability continues. Aflac may ask for and use an independent consultant to determine whether you can perform an ADL without assistance.

Aflac will also waive, from month to month, any premiums falling due while you are receiving hospice benefits under the Hospice Benefit.

LIMITATIONS AND EXCLUSIONS

Aflac pays only for treatment of cancer, including direct extension, metastatic spread, or recurrence. Benefits are not provided for premalignant conditions; conditions with malignant potential; complications of cancer; or any other disease, sickness, or incapacity. Pathological proof of diagnosis must be submitted. Clinical diagnosis will be accepted when a pathological diagnosis cannot be made, provided medical evidence sustains the diagnosis and the covered person receives treatment for cancer.

The policy contains a 30-day waiting period. If a covered person has cancer diagnosed before coverage has been in force 30 days from the effective date of coverage shown in the Policy Schedule, benefits for treatment of that cancer will apply only to treatment occurring after two years from the effective date of the policy. Or, at your option, you may elect to void the policy from its beginning and receive a full refund of premium.

The First-Occurrence Benefit is not payable for: (1) any internal cancer diagnosed or treated before the effective date of the policy and the subsequent recurrence, extension, or metastatic spread of such internal cancer that is diagnosed prior to the effective date of the policy; (2) cancer diagnosed during the policy's 30-day waiting period; or (3) the diagnosis of skin cancer or melanomas classified as Clark's Levels I and II, or a Breslow level less than or equal to 1.5 mm. Any covered person who has had a previous diagnosis of cancer will not be eligible for a First-Occurrence Benefit under the policy for a recurrence, extension, or metastatic spread of that same cancer.

An ambulatory surgical center does not include a physician's or dentist's office, a clinic, or any other such location.

A bone marrow transplantation does not include the harvesting of peripheral blood cells or stem cells and subsequent reinfusion.

A hospital does not include any institution, or part thereof, used as a hospice unit, including any bed designated as a hospice bed; a swing bed; a convalescent home; a rest or nursing facility; a psychiatric unit; a rehabilitation unit or facility; an extended-care facility; a skilled nursing facility; or a facility primarily affording custodial or educational care, care or treatment for persons suffering from mental diseases or disorders, care for the aged, or care for persons addicted to drugs or alcohol.

A stem cell transplantation does not include the harvesting, storage, and subsequent reinfusion of bone marrow from the recipient or a matched donor under general anesthesia.

If skin cancer is diagnosed during hospitalization, benefits will be limited to the day(s) the covered person actually received treatment for skin cancer [such as a malignant tumor, ulcer, pimple, or mole that may arise on the surface of the body (skin) including melanomas classified as Clark's Levels I and II, or a Breslow level less than or equal to 1.5

mm]. No benefits will be payable for expenses incurred prior to the 30th day after the effective date shown in the Policy Schedule.

COVERED PERSON: Any person insured under the coverage type you applied for: individual (named insured listed in the Policy Schedule), one-parent family (named insured and dependent children), or two-parent family (named insured, spouse, and dependent children). Newborn children are automatically insured from the moment of birth. If coverage is for individual only and you desire uninterrupted coverage for a newborn child, you must notify Aflac in writing within 60 days of the birth of your child, and Aflac will convert the policy to one-parent family or two-parent family coverage and advise you of the additional premium due. Coverage provided under any one-parent family or two-parent family will continue to include any other dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap, and who became so incapacitated prior to age 26 and while covered under the policy. Dependent children are your natural children, stepchildren, or legally adopted children who are under age 26.

EFFECTIVE DATE: The date(s) shown in the Policy Schedule. The effective date of the policy is not the date you signed the application for coverage, but the date recorded by Aflac in the Policy Schedule. The policy is available through age 70 on payroll deduction.

GUARANTEED-RENEWABLE: The policy is guaranteed-renewable for your lifetime, subject to Aflac's right to change premiums by class upon any renewal date.

PHYSICIAN: A legally qualified person, other than a member of your immediate family, who is licensed as a physician by the state to treat the type of condition for which a claim is made.

OPTIONAL RIDER BENEFITS TO THE CANCER PLAN

FIRST-OCCURRENCE BUILDING BENEFIT RIDER

Rider A-75050

Riders become a part of the policy and are subject to all policy provisions, unless otherwise stated.

FIRST-OCCURRENCE BUILDING BENEFIT: This benefit can be purchased in units of \$100 each, up to a maximum of five units or \$500. All amounts cited in the rider are for one unit of coverage. If more than one unit has been purchased, then the amounts listed must be multiplied by the number of units in force.

The First-Occurrence Benefit will be increased by \$100 for each unit purchased on each rider anniversary date while the rider remains in force. This benefit will be paid under the same terms as the First-Occurrence Benefit. This benefit will cease to build for each covered person on the anniversary date of the rider following the covered person's 65th birthday or at the time internal cancer is diagnosed for that covered person, whichever occurs first. However, regardless of the age of the covered person on the effective date of the rider, this benefit will accrue for a period of at least five years unless internal cancer is diagnosed prior to the fifth year of coverage.

Note: For State of Florida Employees:

Policy A-75100-FL (Level 1) is sold with three units only.

Policy A-75300-FL (Level 3) is sold with five units only.

TERMINATION: The rider will terminate if the policy to which it is attached terminates, when the benefit has been paid for all covered persons, or if the premium for the rider is not paid.

EFFECTIVE DATE: The effective date of the rider is the effective date of the policy to which it is attached or the effective date of the rider, as stated in the Policy Schedule, if later.

OPTIONAL RIDER BENEFITS TO THE CANCER PLAN

SPECIFIED-DISEASE BENEFIT RIDER

Rider A-75052

Riders become part of the policy and are subject to all policy provisions, unless otherwise stated.

SPECIFIED-DISEASE BENEFITS

While coverage is in force, if an insured is first diagnosed with one or more of the covered specified diseases and is hospitalized for the definitive treatment of any of the covered specified diseases, Aflac will pay the amounts listed below.

INITIAL HOSPITALIZATION BENEFIT: \$1,000

The covered person must be confined to a hospital for 12 or more hours as a result of receiving treatment for a specified disease. This benefit is payable only once per period of confinement and once per calendar year for each covered person.

A period of confinement is a hospital confinement that starts while the policy is in force. If the confinement follows a previously covered confinement, it will be deemed a continuation of the first confinement unless it is the result of an entirely different sickness or injury, or unless the confinements are separated by 30 days or more.

HOSPITAL CONFINEMENT BENEFIT

\$200 per day for Days 1–30 (continuous confinement)

\$500 per day for Days 31+ (continuous confinement)

For benefits to be paid, these diseases must be first diagnosed by a physician 30 days following the effective date of the rider. The diagnosis must be made by and upon a tissue specimen, culture, and/or titer. If any of these diseases is diagnosed before the rider has been in effect for 30 days, benefits for that disease will be paid only for loss incurred after the rider has been in force two years.

The rider will terminate if the policy to which it is attached terminates or if the premium for the rider is not paid.

EFFECTIVE DATE

The effective date of the rider is the effective date of the policy or the effective date of the rider, as stated in the Policy Schedule, if later.

AFLAC'S PERSONAL HOSPITAL INTENSIVE CARE

HOSPITAL INTENSIVE CARE INSURANCE

Policy A-1820B-FL

DAILY HOSPITAL INTENSIVE CARE UNIT BENEFIT

Benefits will be paid if you or any covered person incurs a charge for confinement in a hospital intensive care unit (ICU). This benefit is limited to 15 days per period of confinement. No lifetime maximum.

\$600 per day (Days 1–7)

\$1,000 per day (Days 8–15)

Exception: During the first ten months the policy is in force, if a covered child is confined in a hospital intensive care unit within the first 28 days after birth, we will pay \$250 per day for hospital intensive care unit confinement of Days 1 through 15.

DAILY SUBACUTE INTENSIVE CARE UNIT BENEFIT

Benefits will be paid for up to a total of 15 days when a covered person incurs a charge for the following: (1) confinement in a subacute intensive care unit (step-down unit) or (2) confinement in a hospital intensive care unit (ICU) after exhaustion of benefits payable under the Daily Hospital Intensive Care Unit Benefit above.

\$250 per day

Benefits payable for the Daily Subacute Intensive Care Unit/ Hospital Intensive Care Unit Benefit (combination of 1 and 2) are limited to a total of 15 days per covered period of confinement. No lifetime maximum.

Note: Benefits payable under the Daily Hospital Intensive Care Unit Benefit or Daily Subacute Intensive Care Unit/ Hospital Intensive Care Unit Benefit are not payable on the same day.

If a covered person is charged for both on the same day, Aflac will pay only the highest eligible benefit. Confinements not separated by 30 days or more from a previously covered confinement are considered a continuation of the previous period of confinement.

HUMAN ORGAN TRANSPLANT BENEFIT

A benefit will be paid as a result of a human organ transplant procedure when a covered person is confined in a hospital and receives one or more of the following: kidney, liver, heart, heart-lung, lung, or pancreas transplant.

\$25,000 per occurrence

Transplant procedures involving more than one organ will be considered to be one organ transplant procedure. This benefit is not payable for transplants involving mechanical

or animal organs and is limited to one procedure per 180-day period. No lifetime maximum.

AMBULANCE BENEFIT

Benefits will be paid for the actual charges incurred for ground ambulance transportation of a covered person to and from a hospital where the covered person is confined in a hospital intensive care unit or subacute intensive care unit.

Up to \$250

Benefits will be paid for the actual charges incurred for air ambulance transportation of a covered person to and from a hospital where the covered person is confined in a hospital intensive care unit or subacute intensive care unit.

Up to \$2,000

This benefit is limited to two trips per confinement. The ambulance service must be performed by a licensed professional or licensed volunteer ambulance company. No lifetime maximum.

CONTINUATION OF COVERAGE BENEFIT

If you are paying your premiums through payroll deduction and you leave your employer for any reason after your policy has been in force for six months and Aflac has received premiums for six consecutive months, Aflac will waive all monthly premiums due for the policy and riders, if any, up to the date your premium payments are re-established. You or your employer must notify us in writing within 30 days of the date your premium payments cease due to your leaving employment. For you to take advantage of this benefit, you must re-establish premium payments within two months from the date you left the employer who was remitting your premiums. You can re-establish your premium payments through your new employer's payroll deduction process or direct payment to Aflac.

This benefit will again become available once you have re-established your premium payments through an employer's payroll deduction process for a period of six months and Aflac has received premiums for six consecutive months. Payroll deduction means your premium is remitted to Aflac for you by your employer through a payroll deduction process.

LIMITATIONS AND EXCLUSIONS

All benefits payable under the policy will be reduced by one-half for losses that start on or after the policy anniversary date following the 70th birthday of a covered person. Benefits are not payable for losses that begin before the policy effective date shown in the Policy Schedule. The policy will not cover any person who has attained age 65 prior to the effective date of the policy unless the policy is issued on a payroll deduction basis. If issued on a payroll deduction basis, the policy will not cover any person who has attained age 70 prior to the effective date of the policy.

No benefits will be payable for losses caused by or resulting from: intentionally self-inflicted bodily injury or attempted suicide; participation in or the attempt to participate in any illegal activity that is classified as a felony, whether charged or not (the term *felony* is as defined by the law of the jurisdiction in which the activity takes place); exposure to war or any act of war, declared or undeclared, or service in the armed forces; the treatment of mental or nervous disorder or disease; alcoholism or drug dependency; any loss sustained or contracted due to a covered person's being intoxicated or under the influence of alcohol, drugs or any narcotic unless administered on the advice of a physician and taken according to the physician's instructions (the term *intoxicated* refers to that condition as defined by the law of the jurisdiction in which the injury or cause of the loss occurred); confinement in units such as surgical recovery rooms, privately monitored rooms, observation units, labor or delivery rooms, or other facilities that do not meet the standards for a hospital intensive care unit or subacute intensive care unit (step-down unit). Newborn children will not be covered for routine nursing or routine well-baby care, but we will pay the policy benefits because of their sickness or injury, including congenital anomaly.

The term *hospital* is defined as a legally licensed hospital which is accredited by the Joint Commission on Accreditation of Hospitals, the American Osteopathic Association, or the Commission on the Accreditation of Rehabilitative Facilities. The term *hospital* includes ambulatory surgical centers. Provided that medical or rehabilitative treatment for the disease covered by the policy is actually being received by an insured, we will not deny any claim for payment when the treatment is provided in any hospital meeting the above definitions. No claim will be denied because such hospital lacks major surgical facilities and is primarily of a rehabilitative nature, if such rehabilitation is specifically for treatment of a physical disability.

The Daily Hospital Intensive Care Unit Benefit does not provide benefits for confinement in units such as surgical recovery rooms, progressive care, intermediate care, private monitored rooms, observation units, telemetry units; subacute intensive care units* (step-down units), or other facilities that do not meet the standards for a hospital intensive care unit.

A subacute intensive care unit (step-down unit) does not include an observation unit; a bed, ward, or semiprivate room with or without monitoring equipment; an emergency room; a surgical recovery room; or a labor or delivery room.

GUARANTEED-RENEWABLE FOR YOUR LIFETIME WITH BENEFITS REDUCED AT AGE 70

The policy is guaranteed-renewable for your lifetime with benefits reduced at age 70. It is subject to Aflac's right to change the applicable table of premium rates by class upon any renewal date.

COVERED PERSON

Any person insured under the coverage type you applied for: individual (named insured listed in the Policy Schedule), family (named insured, spouse, and dependent children). Newborn children are automatically insured from the moment of birth. The coverage under any family policy shall continue to include any dependent child, regardless of age, who is incapable of self-sustaining employment by reason of mental retardation or physical handicap, and who became so incapacitated while covered and prior to age 26. Dependent children are your natural children, stepchildren, or legally adopted children who are under age 26. You must notify us, in writing, of the birth of a child within 60 days after the birth. If timely notice is given, we will not charge an additional premium for coverage of the newborn child for the duration of the notice period. If timely notice is not given, we will change the applicable additional premium from the date of birth. We will not deny coverage for a child due to your failure to notify us within the 60-day period.

EFFECTIVE DATE

The effective date of the policy is the date shown in the Policy Schedule, not the date the application is signed. The payroll rate may be retained after one month's premium payment on payroll deduction.

*Benefits for confinement in a subacute care facility are paid under the Daily Subacute Intensive Care Unit Benefit.

**IMPORTANT NOTICE TO PERSONS ON MEDICARE
THIS IS NOT MEDICARE SUPPLEMENT INSURANCE**

Some health care services paid for by Medicare may also trigger the payment of benefits from this policy.

This insurance provides limited benefits if you meet the conditions listed in the policy. It does not pay your Medicare deductibles or coinsurance and is not a substitute for Medicare Supplement insurance.

Medicare generally pays for most or all of these expenses.

Medicare pays extensive benefits for medically necessary services regardless of the reason you need them. These include:

- * hospitalization
- * physician services
- * hospice
- * outpatient prescription drugs if you are enrolled in Medicare Part D
- * other approved items and services

This policy must pay benefits without regard to other health benefit coverage to which you may be entitled under Medicare or other insurance.

Before You Buy This Insurance

- * Check the coverage in **all** health insurance policies you already have.
- * For more information about Medicare and Medicare Supplement insurance, review the *Guide to Health Insurance for People with Medicare*, available from the insurance company.
- * For help in understanding your health insurance, contact your state insurance department or state health insurance assistance program (SHIP).

HOW TO FILE A CLAIM:

1. Obtain a claim form from your Capital Insurance agent/representative, from Aflac's Customer Service Center, or from Aflac's website.
2. To file a cancer claim: Have the doctor complete the Physician's Statement section of the claim form, and submit the pathology report and any other doctor bills or itemized hospital bills relating to the cancer treatment.
3. To file an intensive care claim: Submit an itemized hospital bill indicating the number of days in the intensive care unit and the charges. If the bill fails to indicate the diagnosis, the Physician's Statement must be completed by the doctor.
4. Filing for the Cancer Screening Wellness Benefit does not require a claim form, only a billing statement indicating the covered person's name, date of test, test performed, and policy number.
