**Preventive Maintenance (PM)**

Preventative Maintenance Services: To maintain the highest level of operating performance of our fleet of generators, pumps, carry deck cranes and similar equipment, Herc Rentals performs preventative maintenance as recommended by the manufacturer which is performed either at a customer's site or at a Herc Rentals location. In addition, Herc Rentals complies with all inspection requirements and applies a Preventative Maintenance (PM) Charge associated with performing the maintenance and service. The PM charge is a per hour charge that is applied to every hour the Equipment is operating or running while on rent. The PM charge varies depending on the type and size of the Equipment and the number of hours which is determined by the meter machine installed on the Equipment. PM charges are billed monthly based on 160 hours of use. At time of final invoice, the PM charge for the time on rent will be adjusted up or down to reflect actual hours used. Inspection fees may apply separately or as part of the PM Charge. The PM charge is not a tax or a government mandated charge. Herc Rentals may change it from time to time in its discretion.
