MEMBER-REQUESTED PARTICIPATION AGREEMENT

Additional Terms:

The following additional terms and conditions apply solely to the performance of Medical Solutions, Inc. and the Florida DMS, and not to the State of Minnesota or MMCAP. These terms will be solely enforced by Florida DMS. As used in this MPA: “Customer” is an MMCAP Member that is also a State of Florida agency or eligible user as defined in Section 278.012(11), Florida Statutes, and “Contract” refers to this MPA.

1. **Payment Invoicing.** Pursuant to Section 287.058(1)(a), Florida Statutes, the Contractor will be paid upon submission of proper invoices to the Customer after delivery and acceptance of commodities or contractual services is confirmed by the Customer. Invoices must contain detail sufficient for an audit and contain the Florida Alternate Contract Source (ACS) Contract Number 42000000-18-ACS and the Contractor’s Federal Employer Identification Number.
2. **Travel.** Pursuant to Section 287.058(1)(b), Florida Statutes, travel expenses are not reimbursable unless specifically authorized by the Customer in writing, and may be reimbursed only in accordance with section 112.061, Florida Statutes.
3. **Annual Appropriation.** Pursuant to section 287.0582, Florida Statutes, if the Contract binds the State of Florida or an agency for the purchase of services or tangible personal property for a period in excess of one fiscal year, the State of Florida’s performance and obligation to pay under the Contract is contingent upon an annual appropriation by the Legislature.
4. **Transaction Fees.** The State of Florida, through the Department of Management Services, has instituted MyFloridaMarketPlace, a statewide eProcurement system pursuant to section 287.057(22), Florida Statutes. All payments issued by Customers to registered Vendors for purchases of commodities or contractual services will be assessed Transaction Fees as prescribed by rule 60A-1.031, Florida Administrative Code, or as may otherwise be established by law. Vendors must pay the Transaction Fees and agree to automatic deduction of the Transaction Fees, when automatic deduction becomes available. Vendors will submit any monthly reports required pursuant to the rule. All such reports and payments will be subject to audit. Failure to comply with the payment of the Transaction Fees or reporting of transactions will constitute grounds for declaring the Vendor in default and subject the Vendor to exclusion from business with the State of Florida.
5. **Punch-out Catalog and Electronic Invoicing**
The Contractor shall implement a punch-out catalog within ninety (90) days after contract execution. The punch-out catalog provides an alternative mechanism for contractors to offer the State of Florida access to products awarded under the Contract. The punch-out catalog also allows for direct communication between the Florida MyFloridaMarketPlace eProcurement System (MFMP) and a contractor’s ERP system, which can reflect real-time product inventory/availability information.

Through utilization of the punch-out catalog model, a customer will “punch out” to a contractor’s website. Using the search tools on the supplier’s Florida punch-out catalog site, the customer selects the desired products and services. When complete, the user exits the supplier’s punch-out catalog site and the shopping cart (full of products and services) is “brought back” to MFMP. No orders are sent to a contractor when the customer exits the contractor’s punch-out catalog site. Instead, the chosen products and services are “brought back” to MFMP as Contract line items. The customer can then proceed through the normal workflow steps, which may include adding/editing the items to a requisition or a purchase order. An order is not submitted to a contractor until the customer actually adds the line items to a requisition and the purchase order is approved and sent to the contractor.

MEMBER-REQUESTED PARTICIPATION AGREEMENT

The Contractor shall supply electronic invoices in lieu of paper-based invoices for those transactions processed through the MFMP. Electronic invoices shall be submitted to the Florida agency through the Ariba Network (AN) in one of three mechanisms as listed below. Contractors can select the method that best meets their capabilities from the following list:

cXML (commerce eXtensible Markup Language)

This standard establishes the data contents required for invoicing via cXML within the context of an electronic environment. This transaction set can be used for invoicing via the ASN for catalog and non-catalog products and services. The cXML format is the Ariba preferred method for eInvoicing.

EDI (Electronic Data Interchange)

This standard establishes the data contents of the Invoice Transaction Set (810) for use within the context of an Electronic Data Interchange (EDI) environment. This transaction set can be used for invoicing via the ASN for catalog and non-catalog products and services.

PO Flip via ASN

The online process allows contractors to submit invoices via the ASN for catalog and non-catalog products and services. Contractors have the ability to create an invoice directly from their Inbox in their ASN account by simply “flipping” the PO into an invoice. This option does not require any special software or technical capabilities.

For the purposes of this section, the Contractor warrants and represents that it is authorized and empowered to and hereby grants the state and the third party provider of MFMP, a state Contractor, the right and license to use, reproduce, transmit, distribute, and publicly display within the system the information outlined above. In addition, the Contractor warrants and represents that it is authorized and empowered to and hereby grants the State of Florida and the third party provider the right and license to reproduce and display within the system the Contractor’s trademarks, system marks, logos, trade dress, or other branding designation that identifies the products made available by the Contractor under the Contract.

The Contractor will work with the Florida MFMP management team to obtain specific requirements for the Punch-out Catalog and Electronic Invoicing.

The Contractor is required to provide additional Ordering Instructions and identify persons responsible for answering questions about the response and administering the Contract and shall provide information necessary for placing orders under the Contract.

9. **Cooperation with Inspector General.** Pursuant to Section 20.055(5), Florida Statutes, Contractor, and any subcontractor to the Contractor, understand and will comply with their duty to cooperate with the Inspector General in any investigation, audit, inspection, review, or hearing.
10. **E-Verify.** In accordance with Executive Order 11-116, the Contractor agrees to utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired during the term of the Contract for the services specified in the Contract. The Contractor must also include a requirement in subcontracts that the subcontractor must utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the Contract term. In order to implement this provision, the Contractor must provide a copy of its DHS Memorandum of Understanding (MOU) to the Contract Manager within five days of Contract execution. If the deficiency is subsequently resolved, the Contractor may invoice the Customer for the retained amount during the next billing period. If the Contractor is unable to resolve the deficiency, the funds retained will be forfeited.

12. **Public Records.** The Department may unilaterally cancel this Contract for refusal by the Contractor to comply with this section by not allowing public access to all documents, papers, letters or other material made or received by the Contractor in conjunction with the Contract, unless the records are exempt from section 24(a) of Article I of the Florida Constitution and section 119.07(1), Florida Statutes.

Solely for the purposes of this section the contract manager is the agency custodian of public records, unless another is designated per (e), below.
