29th Edition   **September 2021**

Greetings,

Share the news! Forward this newsletter to anyone at your agency that would benefit from staying up-to-date on news from MyFloridaMarketPlace (MFMP).

The Next Gen MFMP Project has Launched!

MFMP is excited to announce that we've kicked off the highly anticipated Next Gen MFMP project! There are so many things to be excited about.

 Check out the **Next Gen MFMP webpage** for the project timeline and more information about planned releases.
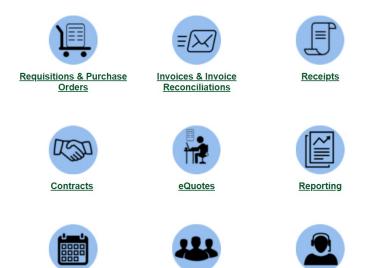

MFMP Training Environments are Being Retired

 As the MFMP team continues to make progress towards implementing Next Gen MFMP, the current MFMP training environment will not be accessible beginning Oct. 10, 2021.

MFMP U Learning Paths

Do you want to learn how to create a negative receipt? Or maybe you're new to MFMP and need to know all about requisitioning. We've got you covered with resources on that information and more! The Learning Paths on the **MFMP University Web page** provide on-demand training for anyone wanting to learn more about performing various functions in MFMP.

Requisitions & Purchase Orders

Invoices & Invoice Reconciliations

Receipts

Contracts

eQuotes

Reporting

Fiscal Year-End

System Administrators
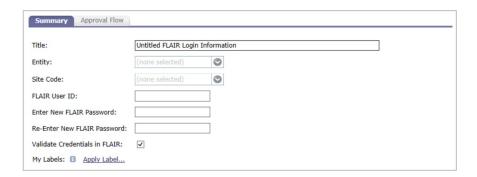

Vendor Bid System

Check out these helpful learning paths today!

Keep your FLAIR Credentials Up-to-Date in MFMP

Attention: Did you know that outdated or incorrect FLAIR credentials in MFMP cause MFMP requisitions and invoice reconciliations to fail FLAIR Integration?

Keeping your FLAIR username and passwords in sync in MFMP gives MFMP the authority to pass transactions to FLAIR. Customers with the FLAIR Maintenance group can access the FLAIR Login Information eForm. All customers with the Invoice Manager role and the Invoicing FLAIR Maintenance groups must update their passwords in FLAIR and keep in sync in MFMP.

Summary	Approval Flow	
Title:	Untitled FLAIR Login Information	
Entity:	(none selected)	
Site Code:	(none selected)	
FLAIR User ID:		
Enter New FLAIR Password:		
Re-Enter New FLAIR Password:		
Validate Credentials in FLAIR:	☑	
My Labels:	Apply Label...	

For more information about how to keep FLAIR credentials in sync in MFMP, view the MFMP Buyer Manual on the **MFMP Manuals and Job Aids Web page**.
