2024 SAVINGS & SPENDING ACCOUNTS OVERVIEW

Your tomorrow, today

Healthcare Flexible Spending Account

A Healthcare FSA will save you 25-40% on health and wellness costs not covered by insurance.

Use your Healthcare FSA to pay for expenses not covered by your medical, dental and vision insurance plans such as deductibles, co-payment amounts and eligible services and merchandise for which you have no coverage.

It's Simple

You choose how much to put into the account and pay for health and wellness expenses using tax-free dollars. Without the FSA, you pay for those expenses with what's left after taxes have been deducted. Instead of the \$100 you earned, you actually have only \$60 to \$75 left to spend. With tax-free dollars, \$100 put into your account is \$100 you can spend. Your savings will add up quickly.

Healthcare Savings Examples

Annual Tax-free Contribution	\$300 (\$25 Monthly)	\$1,200 (\$100 Monthly)	\$2,600 (\$216.66 Monthly)
Total Annual Savings	\$97.95	\$391.80	\$848.90

Savings will vary based on your tax bracket. Examples shown are calculated at 25% Federal and 7.65% for FICA.

Use Your Account for Big Expenses

The pretax money withheld from your check helps you pay for big expenses painlessly. Your entire Healthcare FSA balance is available on the first day of your plan. You may use your plan like an interest-free loan for expenses such as glasses, contact lenses, dentures, orthodontia, oral surgery, tooth implants or LASIK surgery.

New Eligible Expenses

Over-the-counter drugs and medicines such as ibuprofen, acetaminophen or cough syrup can be purchased using your Healthcare FSA without a prescription. Menstrual hygiene products, face masks, hand sanitizer and sanitizing wipes have also been added to the list of eligible expenses.

Healthcare Expenses that are Not Eligible

The IRS does not allow us to pay claims for doctor's retainer fees (VIP fees), medical services before they are provided (such as your expected costs as shown on dental estimates), insurance premiums (including Medicare premiums) or cosmetic merchandise or procedures such as tummy-tucks or teeth-whitening.

A Health Savings Account (HSA) works with your High Deductible Health Plan.

The HSA allows you to use pretax dollars to pay your health professional or reimburse yourself for eligible out-of-pocket medical, dental, and vision costs not covered by your insurance. You'll save 25-40% on every dollar in your account and increase your spendable income.

Your HSA Advantage Account:

- **Is your money.** Funds in your account stay with you, even if you change employers or stop working.
- **Pays medical expenses.** Use for eligible expenses your health insurance doesn't cover. Pay for copays, deductibles, dental and vision costs, COBRA premiums and more.
- **Reduces your taxable income.** Your money is not taxed when you put it in nor when you take it out to pay for eligible medical expenses.
- **Grows with you.** As your balance grows, you may invest in mutual funds yielding even more tax-free earnings.
- **Helps you plan for the future.** After you turn **65**, you may use your HSA Advantage account for non-medical expenses without penalty—paying only the income tax at your regular rate. (As long as you are enrolled in the HDHP and **not** enrolled in Medicare, you may continue to make payroll contributions to the account as well.)

It's Simple

You choose how much to put into your account, up to the maximum contribution amount set by the IRS. You may pay for current expenses using tax-free dollars and save 25-40%, or save your money for the future and watch it grow and grow.

Spousal Program

If you enroll in a High Deductible Health Plan, both spouses are also eligible to enroll in an HSA. Each spouse will receive the monthly individual state contribution and each spouse can make payroll contributions up to half of the family maximum.

Invest Your HSA Advantage Savings

Your HSA Advantage account offers the option of self-directed mutual fund investments to help you grow your healthcare savings for future needs.

Health Reimbursement Account

The Health Reimbursement Account (HRA) gives you one more way to save on eligible healthcare expenses.

The HRA is Teamed Up with the Shared Savings Program

The Shared Savings Program allows you to earn rewards for choosing high quality, low cost providers and share in the savings with the State of Florida. Rewards earned will be credited to your HRA, or another designated savings and spending account of your choice, to save on eligible medical expenses. You may choose to have rewards credited to your HRA, HSA, Healthcare FSA, or Limited Purpose FSA.

The program is available to you if you are enrolled in a health plan offered under the State Group Insurance Program. If you are enrolled in a High Deductible Health Plan, you are eligible for the Post-Deductible HRA.

The Health Reimbursement Account is Easy to Use

The money is available in your account for use as rewards are earned and can be used to pay for eligible medical, dental, vision, preventative and prescription drug expenses. For a full list of eligible items, check the *Eligible Expenses List* under *Tools & Support* in the Chard Snyder Portal.

- Use your Chard Snyder Benefit Card to pay for eligible services and items or pay your provider directly from your account.
- Pay your provider directly from your account online.
- Pay out of pocket for eligible expenses, then submit claims to be reimbursed.

Pay for Eligible Expenses With the Chard Snyder Benefit Card. No Cash Required!

The Chard Snyder Benefit Card is smarter than the average card and recognizes many eligible expenses such as doctor's office visits, prescriptions and emergency room visits.

The Benefit Card helps you stay within IRS rules by allowing purchases only at locations that provide eligible services or merchandise.

The Benefit Card even knows which items are eligible at most places that sell over-the-counter health care merchandise.

Using the Benefit Card means you can keep your cash in your pocket for other things.
